
Decimal Precision for AR, IM, PO, and SO

DP-1000

Overview

This Extended Solution to the Inventory, Sales Order, Purchase Order and Accounts Receivable modules allows you to specify the number of decimal places you wish to use in the Unit Price, Unit Cost and Quantity fields.

The following Sage Extended Solutions are included in DP-1000:

SO-1160: *Six Decimal Precision For Sales Order*

IM-1114: *Expanded Numeric Mask for Price/Cost/Quantity*

IM-1115: *Six Decimal Precision For Inventory*

PO-1085: *Six Decimal Precision for Purchase Order*

IM-1114 only increases masking. **It does not affect calculation.** In order to avoid the loss of decimal precision in other areas, you must have the other Sage Extended Solutions listed above installed and enabled for the modules in which you wish to use extended decimal precision.

This Extended Solution only affects numeric masking in the modules mentioned above. **It does not function in other modules.** MRP programs are being shipped in order to prevent error 47 during MRP data entry, inquiry, and report printing.

If you own the Bill of Materials Module and wish to use extended decimal places in that module, you need to have BM-1005: *Expanded Numeric Mask for Quantity/Cost* and BM-1078: *Six Decimal Precision for Bill of Materials* installed and enabled. Please refer to the BM-1005 manual for more information.

Installation

Before installing this Extended Solution, please verify that the version level(s) printed on the CD label are the same as the version level(s) of the MAS 90 MAS 200 module(s) you are using. For further information, please see the Upgrades and Compatibility section below. Check your Shipping Manifest for a complete list of Extended Solutions shipped.

For detailed installation instructions, please refer to the Sage website at:
http://support.sagesoftware.com/mas/extended_solutions/main.cfm

Installing Your Extended Solutions under Windows From a CD

If you have the *autorun* function turned on for your PC, the installation program will start up automatically. If not, find the **autorun.exe** file on your CD-ROM drive and double-click it to start the installation program. Follow the on-screen instructions.

From the Sage FTP site

When your Extended Solution is ready to be downloaded, you will receive an email from 'extendedsolutions.na@sage.com' telling you that it is ready. The email will contain the Customer Name, Cross Reference, a case-sensitive Password, a link via which you can download your Extended Solution, instructions, and a Shipping Manifest. If you have any problems with this order, please email extendedsolutions.na@sage.com and we will assist you during normal business hours.

Extended Solutions Control Center

Installing any Extended Solution will add an Extended Solutions Control Center to the MAS 90 MAS 200 Library Master Utilities menu. When you open the Control Center, the following options will be available:

- Extended Solutions Manuals
- Remove Extended Solutions
- Unlock Extended Solutions
- Merge Installation Files
- Extended Solutions Setup options

Setup

Once the disk is installed, you will need to access the AR, IM, PO and SO options screens. After the standard MAS 90 MAS 200 option screens have been displayed, a Setup screen for this Extended Solution will appear. Check the 'Enable Extended Solution' box to activate this Extended Solution (Figure 1). The manual for this Extended Solution, if it has been installed, can be viewed by clicking the 'Manual' button next to the 'Enable Extended Solution' check box. It can also be viewed via the Extended Solutions Control Center (see Installation, above).

Extended Solutions

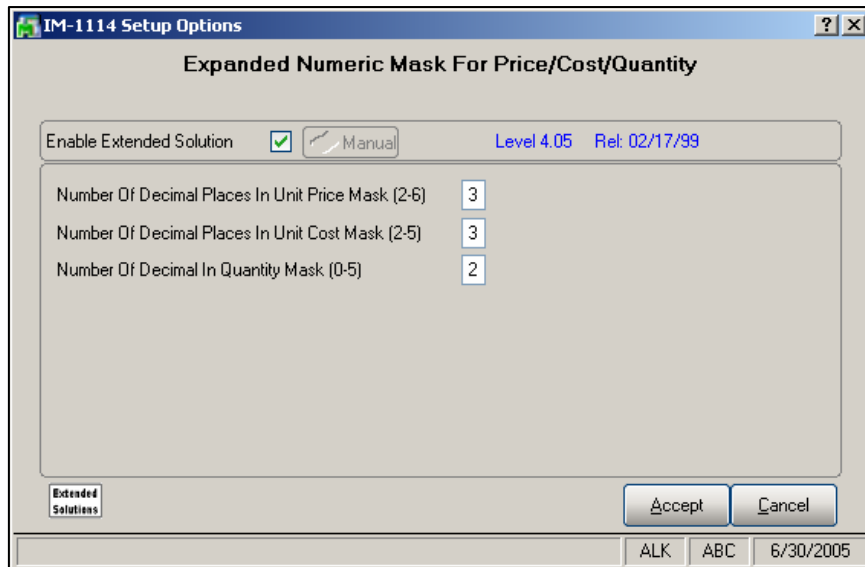

Figure 1

You should visit this Setup screen after each upgrade or reinstallation of this Extended Solution.

Operation

The Unit Price decimal mask may be increased to a total of six spaces. The Unit Cost and Quantity decimal masks may be increased to a total of five spaces. This increased decimal support affects the Unit Price, Unit Cost and Quantity fields on screens, Form fields, and Inventory, Sales Order, and Purchase Order reports.

Upgrades and Compatibility

The installation CD is labeled with the version of the MAS 90 MAS 200 module for which this Extended Solution was prepared. This Extended Solution will check its compatibility with the appropriate MAS 90 MAS 200 modules and will be disabled if an incompatibility is found. If you upgrade your MAS 90 MAS 200 modules, this Extended Solution must be upgraded as well. Your MAS 90 MAS 200 dealer can supply this upgrade.

Documentation

Only changes made to the standard operation of MAS 90 MAS 200 have been documented in this manual. Operations not documented in this manual are standard procedures of MAS 90 MAS 200 processing. Standard MAS 90 MAS 200 processes, data entry screens, inquiry screens, reports, updates, etc., have not been changed unless addressed in this document.

Parts of this document may refer to the *Specific Purpose Rule*. When referenced, the described feature was developed for a specific client to its specifications and may not

SAGE MAS 90

SAGE MAS 200

Extended Solutions

conform to generally accepted MAS 90 MAS 200 standards and procedures. These features may or may not benefit you in your application of MAS 90 MAS 200.
